The Little Red Hen • Worksheet

Activity: make a pecking hen (and a rat)

To make a hen, you will need:

paper plate
paints
plain paper
glue
tissue paper
sticky tape

1. Fold a paper plate in half. Open it out, then paint the back of the plate in bright stripes, like this.

2. Fold the plate in half again. For a beak, cut a triangle out of paper, paint it red and glue it inside one corner.

3. Cut some triangles from paper and then paint them. You will use these to make the crest on top of the hen's head.

4. Glue the triangles to the back of the plate. Cut out circles of paper, paint them green and glue them on for the eyes.

5. Cut ten or twelve thin strips of bright tissue paper. Make the strips about as long as your hand.

6. Gather the strips into a bunch, twisting them together at one end. Tape them onto the plate for the hen's tail.

Push the hen's beak down to make it rock, as if pecking.

To make a rat, you will need:

brown or grey paper
pink paper
white paper
black pen
glue
string or wool
sticky tape

1. For the rat's body, fold a piece of thick paper in half. Draw a curve and also a short line coming down from the fold, like this.

2. Keeping the paper folded, cut along the curve and the short line. Then flatten the body, and draw a nose and whiskers.

3. Draw two eyes on white paper, then cut them out. Glue them onto the body. Then cut a piece of string and tape it on for a tail.

4. For the rat's ears, fold a smaller piece of paper in half. Draw an ear next to the fold, then cut along the line. Open out the ears.

5. Cut two shapes from pink paper and glue them onto the ears. Then slot the ears into the cut at the top of the body.

Can you think how you might make a duck, or a cat?
