

How old are they?

These children are talking about how old they are. (Their ages are shown on their clothes.) Find what they are saying in the panel on the side of the tent and fill in the speech bubbles. (You will not need everything in the panel.)

Can you put these three English sentences into Spanish and then answer the question (number 4)?

- 1. He is thirteen years old.
- 2. She is ten years old.
- 3. They (girls) are eleven years old.
- 4. ¿Cuántos años tienes?
